Prior Experience: **Military Experience Application Information** **MES Students**

This form is intended for students with prior service with the U.S. military. Students with international military experience should fill out the Professional Experience application.

At O'Neill, we value the unique skills and experiences that our military students and student veterans bring to the classroom. As a benefit for your service, O'Neill will award a credit reduction based on years of service** attained prior to the start of an O'Neill master's program:

- 3-credit hour reduction:
 - 1 year active duty or full-time guard/reserve
 - 2 years part-time guard/reserve
- 6-credit hour reduction:
 - 2 years active duty or full-time guard/reserve
 - 4 years part-time guard/reserve

You should carefully plan the balance of your program with an advisor in order to utilize the full benefit you qualify for.

*** Prior Experience credit reductions (which includes professional, military, and volunteer experience, or any combination of these) **will not exceed 6 credits** for MES students.*
