

Prior Experience: <u>Volunteer Service Application Information</u> MPA, MSES, MPA-MSES, & MES Students

The O'Neill School has a partnership with **Peace Corps**, **AmeriCorps**, and **Teach for America** that allows prior volunteers with these organizations to receive a credit reduction and waiver of the experiential component (if required by your degree). Students who have significant prior volunteer experience with other organizations should fill out the Professional Experience application.

Students qualify for a reduction of 3 credit hours per year of service up to a maximum of 6 credits. Your service also satisfies the experiential component if that is required for your degree.

Students are subject to their program's limits for Prior Experience credit reductions, which includes professional, military, and volunteer experience or any combination of these.

You should carefully plan the balance of your program with an advisor in order to utilize the full benefit you qualify for. Students must apply within the first 24 credit hours of the degree program or credit will be denied.

Students pursuing an outside dual degree program in which the total credit requirements have already been reduced (e.g., MPA-JD, MPA-MA, etc.), are not eligible for Prior Experience credit reductions.
