Prior Experience: Volunteer Service Application Information MIA Students

The O'Neill School has a partnership with **Peace Corps**, **AmeriCorps**, and **Teach for America** that allows prior volunteers with these organizations to receive a credit reduction. Students who have significant prior volunteer experience with other organizations should fill out the Professional Experience application.

Students with 2 years of service qualify for a reduction of 3 credit hours.

Prior Experience credit reductions (which includes professional, military, and volunteer experience, or any combination of these) **will not exceed 6 credits**. The combination of prior experience credit and transfer credit will not exceed 6 credits.

You should carefully plan the balance of your program with an advisor in order to utilize the full benefit you qualify for. Students must apply within the first 24 credit hours of the degree program or credit will be denied.
