ASSISTANCE

F FIRE ALARM PULL STATION
FIRE EXTINGUISHER/
FIRE HOSE

SEVERE WEATHER SHELTER

IN CASE OF FIRE:

Sound the alarm, close doors, use nearest available exit and proceed away from building to an assembly area.

EVACUATION POINTS FIRST SEARCHED BY EMERGENCY PERSONNEL:

Occupants may use any exit stairwell landing. Move to an area near an exit, out of the flow of traffic. Send someone to inform the Fire Department or I.U.P.D. of your location and wait for assistance.

FOR TORNADO WARNINGS OR THREATENING WEATHER:

Go to designated severe weather shelter on the lowest level. If you don't have time, go to the designated severe weather shelter on your level. $BL452-2D.DWG \label{eq:blade}$
